

California Regional Water Quality Control Board  
Santa Ana Region

RESOLUTION NO. R8-2005-0049

State Fiscal Year (SFY) 2005-2006 State Revolving Fund (SRF) Loan Priority List  
for the Santa Ana Region

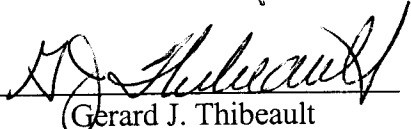

WHEREAS:

1. Title VI of the Federal Clean Water Act and various state laws, including the Clean Water Bond Law of 1984, authorize the State Water Resources Control Board (SWRCB) to implement the State Revolving Fund and to adopt rules and regulations governing the making and enforcing of contracts with public agencies having authority to construct, operate and maintain treatment works.
2. Regulations adopted by the SWRCB require that the Regional Board recommend to the SWRCB each year a Priority List of projects, including wastewater treatment plants, nonpoint source projects, storm drainage projects, and estuary enhancement projects within Region 8 for each of the succeeding five fiscal years. Subsequently, the SWRCB, after a public hearing, will update the statewide Priority List for each of the succeeding five fiscal years.
3. After notice to all interested parties, this Regional Board conducted a public hearing on April 15, 2005 to consider all the evidence introduced at and prior to that hearing with regard to the Priority List.

THEREFORE, BE IT RESOLVED THAT:

1. The Santa Ana Region's SFY 2005-2006 SRF Loan Priority List, shown in Attachment "A" to this resolution, is adopted.
2. The Santa Ana Region's Priority List is recommended for inclusion by the State Water Resources Control Board in the statewide Priority List.
3. The Regional Board authorizes the Executive Officer to add, delete or modify the projects shown in Attachment "A" during the fiscal year, as necessary.

I, Gerard J. Thibeault, Executive Officer, do hereby certify that the foregoing is a full, true and correct copy of a resolution adopted by the California Regional Water Quality Control Board, Santa Ana Region, on April 15, 2005.

  
Gerard J. Thibeault  
Executive Officer

California Regional Water Quality Control Board  
Santa Ana Region

April 15, 2005

**ITEM:** 15B

**SUBJECT:** Santa Ana Regional Board's Priority List for State Revolving Fund Loan Program Projects for State Fiscal Year 2005-2006, Resolution No. R8-2005-0049

**DISCUSSION:**

The State Revolving Fund (SRF) loan program makes State and Federal money available for the construction of water quality improvement projects. The SRF program replaced the Federal Clean Water Grant program. The State Water Resources Control Board (State Board) administers this program through the development of a statewide Project Priority List. This list indicates when, over a five year period, applicants are eligible to receive loan funds for the planning, design and construction of projects such as sewage treatment plants, water recycling projects, nonpoint source pollution control projects, and estuary enhancement projects. Nonpoint source pollution control projects are storm drainage projects that include pollution abatement appurtenances, and not merely storm water conveyance facilities.

On January 18, 2005, the Santa Ana Regional Board staff received the Draft State Fiscal Year (SFY) 2005-2006 SRF Loan Program Priority List for the Santa Ana Region from the State Board, Division of Clean Water Programs. The State Board has requested that the Regional Board review the draft list and adopt a regional list with any appropriate changes. The Regional Board's adopted list will be used to develop the statewide SFY 2005-2006 Priority List.

State regulations require that the Regional Boards solicit public comments before adopting a list. Board staff solicited comments from interested parties and, based on these comments, proposes changes to the draft SFY 2005-2006 Priority List. A revised list for the Region is shown in Attachment "A" to the proposed Resolution No. R8-2005-0049. The revised list includes the addition of two proposed projects. These revisions are as follows:

**EL TORO WATER DISTRICT, IRVINE RANCH WATER DISTRICT AND MOULTON NIGUEL WATER DISTRICT – ADD PROJECT**

Regional Recycled Water Treatment and Distribution:

El Toro Water District (ETWD) will be the lead agency for the project. ETWD requests that the above project be added to the priority list. The scheduled construction start and end dates are estimated to be May 2006 and October 2007, respectively. Estimated project cost is \$13,790,900.

**COUNTY OF SAN BERNARDINO, SPECIAL DISTRICTS DEPARTMENT (CSA 70 S-3)  
– ADD PROJECT**

Lytle Creek Wastewater Treatment Plant:

County of San Bernardino requests that the above project be added to the priority list. The scheduled construction start and end dates are estimated to be January 2006 and March 2007, respectively. Estimated project cost is \$1,000,000.

**RECOMMENDATION:**

Adopt Resolution No. R8-2005-0049, with the Santa Ana Region SFY 2005-2006 SRF Loan Priority List shown in Attachment "A".

**SANTA ANA REGION**  
**REVISED ATTACHMENT "A" TO RESOLUTION NO. R8-2005-0049**  
**STATE FISCAL YEAR 2005-2006 STATE REVOLVING FUND**  
**LOAN PROGRAM PRIORITY LIST**

## SRF PROJECT INFORMATION SHEET

## GENERAL INFORMATION:

Applicant: Special Districts Department, County of San Bernardino, CSA 70 S-3

Address: 157 W. Fifth Street, 2nd Floor

City: San Bernardino County: San Bernardino

Region: Santa Ana Population: 2,550

Scheduled construction start date: January, 2006 (Estimated)

Project No.<sup>1</sup>: NEW PROJECT

Scheduled construction end date: March, 2007 (Estimated)

Project Description: Add advanced treatment, tertiary filters followed by UV disinfection, to the existing 0.16 MGD wastewater treatment plant. Effluent generated will be used for reforestation and fire protection/prevention on US Forestry Department property. Estimated project cost is \$1,000,000.
